

## VETiS Funding Details

The SU Institute of Training (RTO 30548) is an approved Skills Assure Supplier; this means you may be able to access funding to cover the **entire cost of studying a CHC22015 Certificate II in Community Services** with us. The VET in Schools (VETiS) funding is available through the QLD Government.

This document contains relevant information on funding and its relationship to eligible students. If you complete a course under the VETiS program arrangement, you will no longer be eligible for further funding under the VETiS Program. You would still be able to access funding for post-school qualifications, and you may be able to complete a VET in Schools qualification under school-based apprenticeships and traineeships (SATs).

You will receive and be required to complete a student training and employment survey within three months of completing or discontinuing the qualification.

### Eligibility

To be eligible to receive a Government Contribution under the VETiS Funding, prospective participants must meet the following eligibility criteria:

- Must be currently enrolled in Year 10, 11 or 12 and attending a Queensland school
- Must have Australian/New Zealand citizenship or Australian Permanent Residency or on a pathway to permanent residency
- Must not have completed a qualification under VETiS funding previously.

The SU Institute of Training uses the personal information and the declaration provided by the student during enrolment, and an Eligibility Letter provided by the student's school as eligibility evidence.

### Other Required Documents

Parent/guardian consent - students under 18 must have their parent or guardian provide consent before they can commence the course unless they are an Independent Youth (emancipated). Students who identify as Independent Youth must inform us and supply evidence before commencing the enrolment process. Students are automatically sent the Parent Consent

USI Creation and Verification – If we encounter issues with creating or verifying a student's Unique Student Identifier (USI), students may be required to supply identification documents (i.e., Birth Certificate or Medicare card).
